**To:** [REDACTED]

I was gonna come see your show at Harrison's bar

I came over all tired at five had already been in camden and kings cross yesterday morning

Got sunburnt but was very sick then diarrhoea later

Had to nap

It's a bug or acid reflux or sunstroke

I can't stand all the bloody foreigners in the streets this time year but was genuinely sick

I did so much want to see it and let u fuck my brains put.
